Welcome to Bend Osteopathic Care, PC (BOC)! Thank you for choosing our clinic to assist you in your healthcare. We sincerely look forward to helping you achieve your health goals, and relieving and/or reducing any pain you may be experiencing.

Attached are the following documents (please note that some forms are double-sided):

- Demographics Form
- Health History Form
- Patient Financial Agreement
- Privacy Practices Form – you may keep the Notice of Privacy Practices; please return the signature page only
- Health Insurance Disclaimer

These documents should take approximately 20-30 minutes to fill out. Please complete prior to your visit and bring to your appointment. If possible, feel free to bring lab and/or imaging reports, physician's notes, etc. **We make every effort to run on schedule; please reciprocate and allow for an early arrival in order to complete the check-in process and get started on time.**

BOC encourages you to familiarize yourself with your insurance benefits. As a courtesy, we will attempt to verify your insurance eligibility and benefits prior to your scheduled appointment, however it may not always be possible. Please be aware this courtesy service is not a guarantee of coverage or payment.

Our practice is a strictly **fragrance free**. For the comfort and safety of those with sensitivities and/or allergies, please refrain from wearing any perfume, cologne, lotion, or oil with strong, lingering aroma (this includes cigarette smoke) to your appointments.

We are conveniently located on Shevlin Hixon Drive across from McKay Park on the Deschutes River. Our office is in a row of house-style business buildings. There is parking behind the buildings which can be accessed by turning into one of the two driveways, either near Riverbend Eyecare at the north end or between two dental buildings on the south end.

NOTE: We are located on the second floor; our building is not equipped with an elevator, therefore our suite is not handicap accessible. However, there are "handicap accessible rooms" available on the ground floor at Hands On Physical Therapy that Dr. Kyle is able to utilize if stairs present a problem. Arrangements for use of a ground level room must be made in advance of visits; please call our office so that we may gladly arrange this for you.

Please do not hesitate to call with any questions or concerns. Please respect our cancellation policy by providing a **minimum of a 24-hour notice for rescheduling and/or cancellations** so that we may offer the visit to other patients in need.

We look forward to seeing you soon!

In health,

Dr. Kyle Homertgen, D.O.
Mary Wimer, Office Manager
